FARM CONGRESS BRINGS PEOPLE

2000 Families Settle in Colorado Following Denver Meeting.

Apples and potatoes spell prosperity for El Paso valley land owners and with the advent of the International Farming congress and Soil Products exposition here in October, there should be thousands of farming families added to the Rio Grande valleys.

This is the expert opinion of Dr. E. P. Sandsten, state horticulturist of Colorado, who was here Saturday on his way to Phoenix, Ariz., where he is to judge apples shown at the Arizona state fair.

2000 Settle in Colorado.
"Two thousand families settled in eastern and southern Colorado as the immediate result of the publicity of the International Farming congress and Soil Products exposition in Denver," said Dr. Sandsten. "More and more are coming in every month, all attracted by the publicity efforts. El Paso should equal this, if not surpass it."

"Apple orchards planted this year will be bearing fruit in five or six years and during the growing period, potatoes planted between the young trees ought to support the farmers setting out orchards. El Paso offers a distributing point for all the apples and potatoes you could grow here."

The boys will be entertained here by the chamber of commerce with a street car ride over the city, which will be in charge of secretary M. A. Frazer. They will have dinner here at 6:30 and will go to Juarez at 8 o'clock Sunday evening. The party will leave at 6:45 a. m. Monday for Los Angeles.

ARRESTED ON HORSE THEFT; IS CHARGED WITH KIDNAPING

Under arrest on a charge of horse theft, Inez Castillo has been rearrested on a charge of kidnaping. Castillo is alleged to have been in command of a small force of Villa soldiers from Guadalupe who crossed the line on the island and took eight horses and mules, some weapons and harness to the Mexican side.

The kidnaping charge grows out of the same case and it is alleged that Castillo was responsible for Manuel Archuleta being taken across the line and later liberated at Juarez.

MANY ENTRIES FOR HORSE SHOW

President Krakauer Says Show November 26-27 To Be Biggest Ever.

Entries for the third annual horse show, November 26 and 27, continue to pour in on secretary Charles Davis, and the fall horse show promises to be the biggest event in the history of the city.

The classes which compose the horse show are filling rapidly and the entries from the army indicate that the army mounts class promises to be one of the most interesting of the show. Many children are also entering their pet ponies and the women's saddle class is also filling fast.

President J. A. Krakauer of the Horse Show association said Saturday that the number of entries which have been received and the interest that was being taken in the show was most pleasing to him and to the other members of the association.

"I have been watching horse shows throughout the country this year," said Mr. Krakauer, "and I have been impressed with the interest of interest in horse shows from a military and patriotic standpoint."

MAN ARRESTED ON CHARGE OF BUYING SOLDIER CLOTHES

Peter O'Hara was arrested Friday night by the precinct guard on a charge of having soldier clothing in his possession. He was placed in the city jail and is said to have had a number of army shirts in his possession at the time he was arrested.

O'Hara will be transferred to the federal court as there is a statute prohibiting the purchase or barter of army clothing or supplies and it is made a felony.

WOULD END THE CLIFTON STRIKE

Federal Official Here To Attempt To Bring About An Agreement.

Hywel Davies, federal commissioner of conciliation, is in El Paso from Kentucky on the strike problem at the Clifton-Morenci-Metacalf camps in Arizona, in carrying out a series of conferences with managers of the Shannons, Detroit and Arizona Copper companies, acting jointly with Joseph S. Myers of the U. S. Immigration department.

"I am here to cooperate with federal commissioner Joseph S. Myers," said Mr. Davies Saturday morning. "I will investigate and, if possible, conciliate by mediation between the parties at issue so that peace and good will will be restored in the troubled mining fields, and to that end Mr. Myers and myself will welcome cooperation of all interested parties—employers, employees, state and county officials and citizens generally."

"Any misinterpretation of our mission is calculated to delay and may frustrate an early solution. We are here in the interests of the peace which all so much desire."

Mr. Davies stated that it would probably be next week before he and Mr. Myers were to proceed to the strike district, which neither of them have as yet visited since the strike broke out in September, they said.

BUT ONE COMPANY OF STATE TROOPS REMAINS AT CLIFTON

Phoenix, Ariz., Nov. 12.—Only one company of militia is now in the Clifton-Morenci-Metacalf strike district. Company E, the Phoenix Indian company, which has been stationed at Morenci for more than a week, is en route to this city today, having been recalled by governor Hunt. Company L of Yuma, which is also composed largely of Indians, remains at Clifton, probably till the strike is over. Early this week all the troops except these two companies were withdrawn from the strike zone.

Whether the citizen soldiers will remain any longer to pay the troops till the controversy over the general appropriations bill is settled by the supreme court.

SAYS DE LARA ADVOCATES BREAKING UP DUNCAN CAMP

E. E. Ellingwood, attorney for the mine managers, stated Friday night that the managers had been advised from the strike district that the strikers on Friday held a meeting in Morenci, following parades in the three affected towns in the district, at which Gutierrez de Lara had advocated some action "to break up the concentration camp at Duncan." It is in this camp that the managers have concentrated all former petty officials and non-union workmen from the mines, mills and smelters.

DID NOT SAY DESTROY CAMP

De Lara Denies Urging Destruction of the Duncan Camp of Refugees.

Clifton, Ariz., Nov. 12.—In an interview with Gutierrez de Lara this morning, the strike leader, denied making any such statement at Morenci Friday as destroying the Duncan refugee colony. He said that was the place for "scabs" and not for men; that all men who wanted to "scab" should go to Duncan colony.

He added that if their minds were in such condition they couldn't see the dividing line between right and wrong, and such that no one could tell them, a little physical force might induce them to see the right way.
